Professor A. A. Berle,
Kent Hall,
Columbia Law School,
New York City

My dear Adolph:

Someone just told me that your materials on Corporation Finance have been printed. If this is true, I would like very much to have a copy. If you can advise me where I can get one, I will be glad to pay the necessary cost. I had been hoping that your materials would come out before I went to press on Finance because of the stimulating effect your work would have on me. However, the book on Finance which I have been preparing for Callaghandand Company is now about to go to press, so that stimulation which I had hoped for will not be evidenced in this manuscript which I am now polishing. Nevertheless I look forward to examining your book with great pleasure, since I know it is going to out-shine anything else in the field.

Congratulations on this great summer course of yours. I have it from many sources that such performances have never been equalled. I am sorry that I was not able to attend.

Yours faithfully,

WOD:SBS
