Hon. Louis D. Brandeis
Associate Justice
Supreme Court of the United States
Washington, D. C.

Dear Judge Brandeis:-

I have read with the greatest possible interest your dissenting opinion in the case of New State Ice Company, Appellant, v. Ernest A. Liebmann, and I am taking the liberty to write and say I think this is one of the most remarkable judicial opinions I have ever read. It seems to me far more convincing than the opinion Mr. Justice Sutherland delivered for the Court. Incidentally you have packed into it a great deal of very sound political economy.

Bentley Warren read it also, and agrees with me, and asked me to tell you so, and to give you his kindest regards.

Yours very respectfully,

Alexander Whiteside
