United Light & Power Company,  
2200 Bankers Building  
105 West Adams Street  
Chicago, Illinois

Dear Sir:

Enclosed are three copies of tentative rules regarding applications for orders under Sections 2 and 3 of the Public Utility Holding Company Act of 1935, as well as a few general rules under the Act, and a form for notification of registration.

Your attention is invited particularly to paragraph (b) of Rule 3 which permits applicants to omit material not deemed relevant, subject to the Commission's right to require additional information. The other rules must be read in the light of this provision for flexibility.

The Commission is anxious to obtain the reactions of members of the industry before making these rules effective. A conference will be held at my office Monday morning, September 23, at 10 o'clock, Eastern Standard Time. We will be glad to have you attend in person or send a representative to make such suggestions and criticism as you see fit. I would appreciate your letting me know by Saturday, if possible, whom to expect.

Since the matter is still tentative, you are requested not to disclose this material except to the extent that you may wish to discuss it with your associates.

Very truly yours,

Joseph P. Kennedy  
Chairman

Encl.

Copies of the proposed rules and form are also being given to Mr. A. C. Oliphant.
