

Wednesday Nov. 27 35

Dear Joe:

You missed it. You should have stayed with us. We get sued every five minutes. Mrs. T--- opens the door and says: "That man is here again" and the U.S. Marshall walks in and hands everyone a file of complaint, showing no partiality and not missing anyone. If Eddie had not left they might have honored him.

I expect to leave here Tuesday P.M.- My talk is Friday P.M. and I should be back in W--- Monday A.M. Dec. 9th so I must leave Sunday. If you are in that part of the world while I am and I miss you, I'll be sore on you all.

With best wishes

Very truly
Robert E. Healy
