File

Memorandum to: Hon. Stephen Early

From: Commissioner William O. Douglas

I would very much appreciate having White House approval of the attached four pages. If given official approval these pages will be used as part of an address I am scheduled to deliver before the Institute of Public Affairs, Charlottesville, Virginia, Saturday, July 11. These pages are the result of an article in yesterday's Washington Post, containing an account of the July 6 meeting of the Institute. I attach a clipping of that article.
