My dear Harold:

In view of your interest in our activities in the field of finance, I am sending you herewith copies of our current reports to the Congress on municipal bondholders' committees and on committees for the holders of real estate bonds. I will also send you within a week or so another interesting document entitled "Trustees Under Indentures" which is Part VI of the same series. Parts I, II, V, And VII are being completed this summer. I will see to it that you get a complete set.

These are interesting days here. If we can conquer this additional segment of finance envisaged in our comprehensive legislative program for control of reorganizations I think we will have made further substantial advances.

With warm regards and best wishes, I am

Yours faithfully,
