Mr. Leo T. Crowley, Administrator  
Foreign Economic Administration  
Washington, D. C.

Dear Leo:

I am informed by the Economic Warfare Unit of this Commission that the Economic Intelligence Division of your Administration has just completed a comprehensive study of the leading German firms whose records and personnel will possess the latest information about Japanese war industry.

In connection with this study, our Economic Warfare Unit conducted an extensive program of interviews throughout the country. The information obtained thereby was combined with other secret material and made into a report by your Economic Intelligence Division, which classified this report, "Japanese Intelligence Targets in Germany" as "SECRET".

We are extremely proud of our participation in this work and should like to have a copy of the report as a permanent part of the Commission's files. Will it be possible for you to arrange this?

Sincerely yours,

Ganson Purcell  
Chairman
