RE: No. 636 - S. E. C. v. New England Electric System

Dear Bill:

I am with you in the above and have only one question.

Do you need the two paragraphs beginning at page 7, "In the present case" and ending with the first full paragraph on page 8? I ask this because they don't seem relevant to the construction of the Commission stated at page 3.

Sincerely,

Mr. Justice Douglas.
