The Hon. Carl Albert, Speaker
House of Representatives
Washington, D.C. 20515

Dear Sir,

I have been appalled at the events surrounding the Watergate case, and the general unscrupulous behavior of our President, Mr. Nixon, since 1956. His televised speech of last week amazed me, and it was the "Checkers speech" all over again. By his actions, Mr. Nixon has shown his continued belief that the citizens of this country are gullible idiots. Mr. Nixon has been involved in so-called "shady" dealings since he started in politics. Even an ignorance of his past prior to 1968 and armed with only the knowledge of his actions since then, I believe that this country has no choice but to call for the impeachment of this despicable man. And I am, therefore, imploring you to call impeachment proceedings against Mr. Nixon. Although I have not agreed with the politics of Mr. Nixon or Mr. Agnew, I would welcome Mr. Agnew to the presidency of this country. There is a scrupulous, clean, and honest man who will indeed work for what he believes is the good of the nation. My only regret in my entire life is that, because I am only 17, I did not have the pleasure of voting against Mr. Nixon in 1972. Again, I beseech you to begin proceedings for the removal of Mr. Nixon from office. If his actions thus far would not be tolerated in a mayor (eg, many mayors in the state of NJ who have been successfully prosecuted), how can they be suitable for a man holding the highest position in the nation??

Sincerely and hopefully yours,

(Miss) Joanne Passaro
