## United States Senate

COMMITTEE ON  
AGRICULTURE, NUTRITION, AND FORESTRY  
WASHINGTON, D.C. 20510

June 6, 1978

Honorable Frank B. Moore  
Assistant to the President  
for Congressional Liaison  
The White House  
Washington, D. C. 20500

My dear Frank:

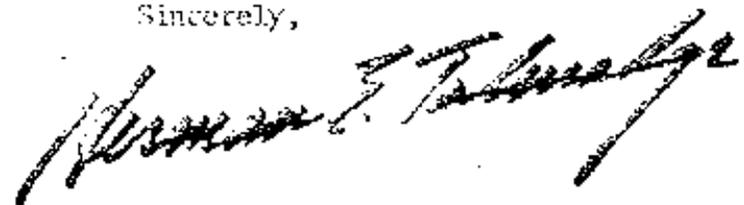

It has come to my attention that the current term of SEC Commissioner John R. Evans is about to draw to a close, and I should like to take this opportunity to express my strong, personal interest in his being considered for reappointment to serve another term on the Securities and Exchange Commission.

Mr. Evans's past performance as an SEC Commissioner stands, of course, on its own merits, but I could not in all good conscience pass over this chance of emphasizing what I believe to be the fine contribution he has made during his past tenure with the Commission. His overall philosophies as to the ways in which the Commission can best carry out those responsibilities prescribed to it by law seem to be of particular value.

It is my belief that Mr. Evans's continued service in this capacity would be most beneficial, and any consideration which you might believe his renomination to merit would be greatly appreciated.

With every good wish, I am

Sincerely,

HET:rms
