Ken,

Ran into Liz Patterson (Banking Comm. Member) in her office. Barnard invited her to the meeting last night. Other attendees:

Carper, McMillan (Md.), Kennedy, Price & Cooper
Shumway, Ridge & Dreier

Cooper argued that the Mayflower agenda lacks the votes, and Patterson, speaking late in the evening, repeated that point. Not much reaction to that, tho.

Barnard is cultivating Patterson, but so far she is strongly with us. I anticipate no problem in the near term--I think she knows where she stands and why.
