From the Desk of
CLAYTON YEUTTER
Chairman
Republican National Committee

June 24, 1991

To Gov. Sununu

John, I'll send these to you since you are about the only person I can communicate with and not violate the ethics rules. You'll want to pass them on to Treasury, Fred McClure's shop, or both. They provide some insight on what the Independent Bankers are up to on the banking reform legislation.

Ken Guenther worked for me at USTR during the Ford Administration, which is why he is sharing all these reactions with me.
