Memorandum to: Commissioner Frank

From: Chairman Douglas

1. Would you jog O'Mahoney on Chandler Bill?
2. And would you jog Wagner on printing of record in Whitney case? I discussed this with Wagner and sent him a memorandum, a copy of which Miss Waters has. Wagner indicated he would endeavor to get this record printed.
3. I was supposed to discuss with Judge Healy ways and means of making a study along the lines of my April 26 memorandum on integration. Would you discuss it with him? I was hoping to use results of that study in my speech next month at Bar Association on integration. If the study can be undertaken, I had hoped we could do it now.
