Private Milton P. Kroll, #33741676
Box 160
Fort Custer, Michigan

Dear Milton:

The report to the President on Empire Ordnance Corporation, et al., has been delivered to the White House, and the President has written me a letter expressing his appreciation of the job done.

Because of the important part you took in the investigation of this case, I thought you might like to have the enclosed photographic print of the President's letter for your files.

I want to take this opportunity to thank you, on behalf of myself and the other members of the Commission, for the interest and untiring effort you put into this investigation, without which I am sure it would not have been completed as successfully as it has.

Sincerely yours,

Ganson Purcell
Chairman
