Memorandum

To: Miss Steig

From: Mr. Tait

The following excerpt from a letter from Tom Hart, dated April 27, regarding the Cleveland office, should be of interest to you.

Broker-Dealer Inspections

From time to time during the next several months I plan on assigning broker-dealer inspectors from Cleveland and Detroit to make inspections in and about Chicago, and assign Chicago men to the Cleveland region. I believe that such a plan while being helpful to the men involved will also help me become better acquainted with their work. Mr. Sherman, attached to the Cleveland office, will start Monday morning, May 3, on a series of 8 inspections in and about Milwaukee, Wisconsin. Mr. Healy, of the Detroit office, will start a series of 8 inspections in St. Louis, Missouri, at the same time.
