

MEMORANDUM

May 25, 1955

To: J. Sinclair Armstrong

From: Ralph H. Demmler

On the Canadian situation, Phil Loomis is working on and has all copies of a proposed memorandum to the State Department and a proposed memorandum to the Banking and Currency Committee. Irv Pollack is preparing an appendix to the State Department memorandum.

A letter (cleared orally with Hamlin Robinson at State) was delivered to Senator Wiley on Monday, May 23d.

Correspondence with Senator Fulbright leaves us owing that Committee ultimately a Commission memorandum.
