Honorable William F. Carey
Chairman, Securities and Exchange Commission
Washington 25, D. C.

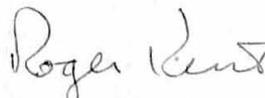

Dear Mr. Carey:

I am writing to identify myself, and hope to be able to make an appointment to talk briefly with you when I am in Washington next. I am an S.E.C. alumnus, pre-war vintage in the San Francisco Regional Office where I served nearly five years. I expect to be seeing a former chairman who is a good friend of mine tomorrow at the Wilderness Conference in San Francisco, that is Bill Douglas. I am also Democratic State Chairman of California, and with regret I report that I was State Chairman for the Kennedy-Johnson Campaign (we carried my part of the country handily, and the election was lost in Southern California).

Your San Francisco office is excellent, and I feel sure that no change should be made.

Best wishes.

Sincerely yours,

Roger Kent
