December 24, 1962

Honorable Oren Harris
House Office Bldg.
Washington, D. C.

Dear Oren:

I appreciate your letter
and especially want to thank you for the
cooperation I have had from you, Mr. Williams,
and all your technical staff.

You know, my son Tommy has been
working for Mr. Spence, Banking and Currency
Committee.

When the hearings come up on
SEC I want to testify. I think the first thing
to be investigated ought to be the SEC. I made
this same point to the greatest Chief Justice
(Mr. Justice Vinson) in 1952, and he said the
supposed self-regulatory agencies ought to be
abolished every 15 years and started over.

Wishing you the complements of
the Season.

Sincerely,

Thomas Graham
