

Congressman Carl Albert  
Washington, D.C.

Dear Congressman

I live in Ardmore, Okla. I am seeking information about a business or Co which is operating here. The Business Bureau does not have any information. The Company is Glen Turner Enterprises of Wichita, Kansas. They own Clothing Co, Cosmetic Co, Helicopter Plants, etc. It is a millionaire operation. Mr. Turner even claims he will run for President and he has the money to.

This is the operation. They sign up people to become a part of the Co. The person which joins can put up a minimum of \$2000.00 as much more as he pleases. The person joining does not become a part of the Company. But he can buy the merchandise they sell at a discount. Then in turn each person he signs and the person puts up the actual \$2000.00 he in turn receives \$900.00. If you sign four people and they put up their money you receive \$3600.00. A person can make as much as \$200,000.00 a year.

This Co is operating in full force here. It is a con game. Is it legal. Please let me know if possible. People are mortgaging their homes, borrowing money any way they can.
