

SEP 14 1976

Mr. Alan D. Walls  
Special Agent in Charge  
Treasury Department  
Office of Investigations  
P.O. Box 331  
Falls Church, VA 22046

Dear Mr. Walls:

This is in response to your recent letter concerning the special task force to investigate currency law violations by multinational corporations which has been established in your office, and has been working with us.

I agree that there should be some notification process between this office and yours. We will designate Stuart Allen as our liaison with your office to advise you of those cases which appear to have currency reporting law implications. We appreciate receiving information developed by your agents for we have found it to be helpful in our investigations.

I hope this will be the first step in accomplishing our objectives.

Sincerely,

Stanley Sporkin  
Director
