Re: Bunker Ramo Corporation  
GTE Information Systems Incorporated  
Options Price Reporting Authority  
File No. 4-280

Dear Mr. Urban:

I am writing on behalf of the Options Price Reporting Authority in response to our recent telephone conversation in which you advised me that the Commission will not be able to complete its review of the captioned matter by September 15, 1978, the date that the temporary stay of OPRA's discontinuation of retransmission services to the two vendors expires. You stated that the Commission did expect to complete its review and issue a decision in the matter within two or three weeks following the September 15 date, and you requested that OPRA agree not to terminate retransmission services to these vendors during this additional period of time, so that the status quo can be maintained pending the Commission's decision.

I have been authorized to inform you that OPRA has agreed to continue to provide retransmission services to Bunker Ramo and GTE/IS through October 6, 1978, by which time the Commission's decision in this matter will have been announced.

Very truly yours,

  
Michael L. Meyer
