The Honorable Morris Lasker
United States Federal District Court
South District, New York

Dear Judge Lasker:

I want to draw your attention to the important philanthropic work that Ivan F. Boesky has pursued over the past half decade. As Assistant Dean and Director of the Center for Health Communication at Harvard University's School of Public Health, I have had the opportunity to witness Mr. Boesky's commitment to worthy social causes. His sustained financial support has been instrumental in the development of important projects at Harvard designed to prevent disease and promote good health among the general public. Over the years, Mr. Boesky has evidenced a keen interest in the progress of the work that he has supported. It is my hope that he will be permitted and encouraged to devote his remarkable energies and talents to worthy social causes in the years ahead.

Respectfully,

Jay A. Winsten, Ph.D.
