Such filings should be clearly identified as an "Amendment to Variable Annuity Sales Charges." 1

[(d)] (c) Receipt of Payment

No member shall participate in the offering or in the sale of a variable contract on any basis other than at a value to be determined following receipt of payment therefor in accordance with the provisions of the contract, and, if applicable, the prospectus, the Investment Company Act of 1940 and applicable rules thereunder. Such sales agreement must provide that the sales commission be returned to the issuing insurance company if the variable contract is tendered for redemption within seven business days after acceptance of the contract application.

[(g)] (f) Redemption

No member shall participate in the offering or in the sale of a variable contract unless the insurance company, upon receipt of a request in proper form for partial or total redemption in accordance with the provisions of the contract undertakes to make prompt payment of the amounts requested and payable under the contract in accordance with the terms thereof, and, if applicable, the prospectus, the Investment Company Act of 1940 and applicable rule thereunder.

[(h)] (g) Member Compensation

In connection with the sale and distribution of variable contracts:

This requirement will not prohibit arrangements where a nonmember company pays compensation directly to associated persons of the member, provided that:

(A) the arrangement is agreed to by the member;

(B) the member relies on an appropriate rule, regulation, interpretive release, interpretive letter, or "no-action" letter issued by the Securities and Exchange Commission that applies to the specific fact situation of the arrangement;

(C) the receipt by associated persons of such compensation is treated as compensation received by the member for purposes of NASD rules; and

(D) the recordkeeping requirement in subparagraph [(h)](g)(3) is satisfied.

(2) No member or person associated with a member shall accept any compensation from an offeror which is in the form of securities of any kind.

(3) Except for items as described in subparagraphs [(h)](g)(4)(A) and (B), a member shall maintain records of all compensation received by the member or its associated persons from offerors. The records shall include the names of the offerors, the names of the associated persons, the amount of cash, the nature and, if known, the value of non-cash compensation received.

(4) No member or person associated with a member shall directly or indirectly accept or make payments or offers of payments of any non-cash compensation, except as provided in this provision. Notwithstanding the provisions of subparagraph [(h)](g)(1), the following non-cash compensation arrangements are permitted:

(A) Gifts that do not exceed an annual amount per person fixed periodically by the Board of Governors* and are not preconditioned on achievement of a sales target.

(B) An occasional meal, a ticket to a sporting event or the theater, or comparable entertainment which is neither so frequent nor so extensive as to raise any question of propriety and is not preconditioned on achievement of a sales target.

(C) Payment or reimbursement by offerors in connection with meetings held by an offeror or by a member for the purpose of training or education of associated persons of a member, provided that:

(i) the recordkeepingrequirement in subparagraph[(h)](g)(3) is satisfied;

(ii) associated persons obtain the member's prior approval to attend the meeting and attendance by a member's associated persons is not preconditioned by the member on the achievement of a sales target or any other incentives pursuant to a noncash compensation arrangement permitted by subparagraph [(h)](g)(4)(D);

(iii) the location is appropriate to the purpose of the meeting, which shall mean an office of the offeror or the member, or a facility located in the vicinity of such office, or a regional location with respect to regional meetings;

(iv) the payment or reimbursement is not applied to the expenses of guests of the associated person; and

(v) the payment or reimbursement by the offeror is not preconditioned by the offeror on the achievement of a sales target or any other non-cash compensation arrangement permitted by subparagraph [(h)](g)(4)(D).

(D) Non-cash compensation arrangements between a member and its associated persons or a non-member company and its sales personnel who are associated persons of an affiliated member, provided that:

 (i) the member's or nonmember's non-cash compensation arrangement, if it includes variable contracts, is based on the total production of associated persons with respect to all variable contracts distributed by the member;

^{*}The current annual amount fixed by the Board of Governors is \$100.

(ii) the non-cash compensation arrangement requires that the credit received for each variable contract is equally weighted;

(iii) no unaffiliated nonmember company or other unaffiliated member directly or indirectly participates in the member's or non-member's organization of a permissible non-cash compensation arrangement; and

(iv) the recordkeepingrequirement in subparagraph[(h)](g)(3) is satisfied.

(E) Contributions by a nonmember company or other member to a non-cash compensation arrangement between a member and its associated persons, or contributions by a member to a non-cash compensation arrangement of a non-member, provided that the arrangement meets the criteria in subparagraph [(h)](g)(4)(D).

(2) Investment Companies With an Asset-Based Sales Charge

(A) Except as provided in subparagraphs (C) and (D), the aggregate asset-based, frontend and deferred sales charges described in the prospectus which may be imposed by an investment company with an asset-based sales charge, if the investment company has adopted a plan under which service fees are paid, shall not exceed 6.25% of total new gross sales (excluding sales from the reinvestment of distributions and exchanges of shares between investment companies in a single complex, between classes [of shares] of an investment company with multiple classes of shares or between series [shares] of a series investment company) plus interest charges on such amount equal to the prime rate plus one percent per annum. The maximum front-end or deferred sales charge resulting from any transaction shall be 6.25% of the amount invested.

(B) Except as provided in subparagraphs (C) and (D), if an investment company with an asset-based sales charge does not pay a service fee, the aggregate asset-based, frontend and deferred sales charges described in the prospectus shall not exceed 7.25% of total new gross sales (excluding sales from the reinvestment of distributions and exchanges of shares between investment companies in a single complex, between classes [of shares] of an investment company with multiple classes of shares or between series [shares] of a

series investment company) plus interest charges on such amount equal to the prime rate plus one percent per annum. The maximum front-end or deferred sales charge resulting from any transaction shall be 7.25% of the amount invested.

(C) The maximum aggregate sales charge on total new gross sales set forth in subparagraphs (A) and (B) may be increased by an amount calculated by applying the appropriate percentages of 6.25% or 7.25% of total new gross sales which occurred after an investment company first adopted an asset-based sales charge until July 7, 1993, plus interest charges on such amount equal to the prime rate plus one percent per annum less any front-end, asset-based or deferred sales charges on such sales or net assets resulting from such sales.

(D) The maximum aggregate sales charges of an investment company in a single complex, a class or share issued by an investment company with multiple classes of shares or a separate series of a series investment company, may be increased to include sales of exchanged shares provided that such increase is deducted from the maximum aggregate sales charges of the investment company, class or series which redeemed the shares for the purpose of such exchanges.

(E) No member shall offer or sell the shares of an investment company with an asset-based sales charge if:

(i) The amount of the assetbased sales charge exceeds .75 of 1% per annum of the average annual net assets of the investment company; or

(ii) Any deferred sales
charges deducted from the proceeds of a redemption after the maximum cap, described in subparagraphs
(A), (B), (C) and (D) hereof, has been attained are not credited to the investment company.

(3) Fund of Funds

(A) If neither an acquiring company nor an acquired company in a fund of funds structure has an asset-based sales charge, the maximum aggregate front-end and deferred sales charges that may be imposed by the acquiring company, the acquired company and those companies in combination, shall not exceed the rates provided in paragraph (d)(1).

(B) Any acquiring company or acquired company in a fund of funds structure that has an asset-based sales charge shall individually comply with the requirements of paragraph (d)(2), provided:

(i) If the acquiring and acquired companies are in a single complex and the acquired fund has an assetbased sales charge, sales made to the acquiring fund shall be excluded from total gross new sales for purposes of acquired fund's calculations under subparagraphs (d)(2)(A) through (d)(2)(D); and

(ii) If both the acquiring and acquired companies have an asset-based sales charge: (a) the maximum aggregate asset-based sales charge imposed by the acquiring company, the acquired company and those companies in combination, shall not exceed the rate provided in subparagraph (d)(2)(E)(i); and (b) the maximum aggregate front-end or deferred sales charges shall not exceed 7.25% of the amount invested, or 6.25% if either company pays a service fee.

(C) The rates described in subparagraphs (d)(4) and (d)(5) shall apply to the acquiring company, the acquired company and those companies in combination. The limitations of subparagraph (d)(6) shall apply to the acquiring company and the acquired company individually.

[(3)](4) No member or person associated with a member shall, either orally or in writing, describe an investment as being "no load" or as having "no sales charge" if the investment company has a front-end or deferred sales charge or [whose] its total charges against net assets to provide for sales related expenses and/or service fees exceed .25 of 1% of average net asset per annum.

[(4) No member or person associated with a member shall offer or sell the securities of an investment company with an asset-based sales charge unless its prospectus discloses that long-term shareholders may pay more than the economic equivalent of the maximum frontend sales charges permitted by this Rule. Such disclosure shall be adjacent to the fee table in the front section of a prospectus. This subparagraph shall not

apply to money market mutual funds which have asset-based sales charges equal to or less than .25 of 1% of average net assets per annum.]

(5) No member or person associated with a member shall offer or sell the securities of an investment company if the service fees paid by the investment company, as disclosed in the prospectus, exceed .25 of 1% of its average annual net assets or if a service fee paid by the investment company, as disclosed in the prospectus, to any person who sells its shares exceeds .25 of 1% of the average annual net asset value of such shares.

(6) No member or person associated with a member shall offer or sell the securities of an investment company if:

(A) The investment company has a deferred sales charge paid upon redemption that declines over the period of a shareholder's investment ("contingent deferred sales load"), unless the contingent deferred sales load is calculated as if the shares or amounts representing shares not subject to the load are redeemed first, and other shares or amounts representing shares are then redeemed in the order purchased, provided that another order of redemption may be used if such order would result in the redeeming shareholder paying a lower contingent deferred sales load; or

(B) The investment company has a front-end or deferred sales charge imposed on shares, or amounts representing shares, that are purchased through the reinvestment of dividends, unless the registration statement registering the investment company's securities under the Securities Act of 1933 became effective prior to April 1, 2000.

SOES Maximum Order Sizes

Executive Summary

Effective January 10, 2000, the maximum Small Order Execution SystemSM (SOESSM) order sizes for 534 Nasdaq National Market[®] (NNM) securities will be revised in accordance with National Association of Securities Dealers, Inc. (NASD[®]) Rule 4710(g).

In previous quarters, Nasdaq[®] has implemented the reclassification on the first trading day of the quarter; because Nasdaq Market Operations is planning to suspend the processing of data changes from December 27, 1999, through January 3, 2000—as part of the transition to the Year 2000 (Y2K)— Nasdaq is implementing the instant reclassification on January 10, 2000, instead of January 3, 2000.

For more information, please contact Nasdaq Market Operations at (203) 378-0284.

Description

Under Rule 4710, the maximum SOES order size for an NNM security is 1,000, 500, or 200 shares, depending on the trading characteristics of the security. The Nasdaq Workstation II* (NWII) indicates the maximum SOES order size for each NNM security. The indicator "NM10," "NM5," or "NM2" displayed in NWII corresponds to a maximum SOES order size of 1,000, 500, or 200 shares, respectively.

The criteria for establishing maximum SOES order sizes are as follows:

 a 1,000-share maximum order size shall apply to NNM securities on SOES with an average daily non-block volume of 3,000 shares or more a day, a bid price of less than or equal to \$100, and three or more Market Makers;

- (2) a 500-share maximum order size shall apply to NNM securities on SOES with an average daily non-block volume of 1,000 shares or more a day, a bid price of less than or equal to \$150, and two or more Market Makers; and
- (3) a 200-share maximum order size shall apply to NNM securities with an average daily nonblock volume of less than 1,000 shares a day, a bid price of less than or equal to \$250, and two or more Market Makers.

In accordance with Rule 4710, Nasdaq periodically reviews the maximum SOES order size applicable to each NNM security to determine if the trading characteristics of the issue have changed so as to warrant an adjustment. Such a review was conducted using data as of October 31, 1999, pursuant to the aforementioned standards. The maximum SOES order-size changes called for by this review are being implemented with three exceptions.

- First, issues were not permitted to move more than one size level. For example, if an issue was previously categorized in the 1,000-share level, it would not be permitted to move to the 200-share level, even if the formula calculated that such a move was warranted. The issue could move only one level to the 500-share level as a result of any single review.
- Second, for securities priced below \$1 where the reranking called for a reduction in the level, the maximum SOES order size was not reduced.
- Third, for the top 50 Nasdaq securities based on market capitalization, the maximum SOES order sizes were not reduced, regardless of whether the reranking called for a reduction.

In addition, with respect to initial public offerings (IPOs), the SOES order-size reranking procedures provide that a security must first be traded on Nasdaq for at least 45 days before it is eligible to be reclassified. Thus, IPOs listed on Nasdaq within the 45 days prior to October 31, 1999, were not subject to SOES order-size reranking procedures.

Following is a listing of the 534 NNM issues that will have the maximum SOES order size changed on January 10, 2000.

The Securities and Exchange Commission (SEC) has required all broker/dealers to electronically file new information elicited by the revised Form BD and any information that NASD Regulation was unable to convert to the new Web CRD[™] format. (NASD Regulation was able to convert some, but not all, of the broker/dealer information previously reported to the Legacy CRD system.) All member firms must electronically refile the unconverted information and the new information into Web CRD no later than December 15, 1999. Failure to refile the new Form BD by December 15, 1999, may result in regulatory and/or disciplinary action.

Please note that there are no fees associated with the Form BD refile.

Year 2000 License And Registration Renewals Payment – Deadline: Dec. 10, 1999

The Year 2000 License and Registration Renewal Process for members and their associated persons began November 1, 1999. Unlike previous years, Renewal Statements and Rosters will not be mailed in hard copy to member firms. Instead, the Renewal Process will be conducted electronically with member firms viewing their Renewal Statements and Rosters online through Web CRD. Therefore, member firms need Web CRD entitlement to review and renew their selfregulatory organization and state registrations and those registrations applicable to their associated persons. Similarly, member firms

need access to electronically submit termination filings, (*i.e.*, Forms U-5, Forms BDW, or Schedules E, for an associated person, the member firm, or branch office, respectively). The deadline for submitting your year 2000 renewal payment is **December 10**, **1999**.

Any questions regarding the BD Refile, Renewals, or Web CRD should be directed to the Gateway Call Center at (301) 869-6699.

Year-End Customer And PAIB Reserve Formula Computation

National Association of Securities Dealers, Inc. (NASD®) members may elect to compute their reserve formula and proprietary account of an introducing broker/dealer (PAIB) computations as of the close of business on Wednesday, December 29, 1999, rather that at year end, according to an SEC interpretation. If this option is elected, the broker/dealer's reserve deposits, if any, would be made on Friday, December 31, 1999. The SEC has also stated that if this option is chosen, the next reserve formula computations would be required as of the close of business the following Friday (January 7, 2000) for weekly computers and as of month-end January (January 31, 2000) for monthly computers.

If you choose this option, you may use the total customer debits from the reserve formula computation as of December 29th in your calculation of December 31, 1999, net capital, provided your net capital is computed pursuant to SEC Rule 15c3-1 (a) (1) (ii). Additionally, the filing of the December 31, 1999 FOCUS report would include a balance sheet as of December 31 and a 15c3-3 Reserve Formula Computation as of December 29, 1999. The filing due date will not change from the current 17^{th} business day after the "as of" date.

If you elect this option, you must contact your local District Office
